Fits all Villain models. Power distributor (S01-R090400-000-00) required for installation.

MSRP (Linear 6 Elite Kit White): \$359.99
MSRP (Linear 6 Elite Kit Yellow): \$359.99
MSRP (Linear 6 Elite Plus Kit): \$449.99

White Kit Part #: AM1R99000090
Yellow Kit Part #: AM1R99000091
Plus Kit Part #: AM1R99000092

Specifications	
Voltage Range	10V – 32V
Raw Lumens	4,050
Beam Pattern	Wide
Beam Distance (0.25LX)	563M
# High Power LEDS	6
Power Consumption	42 Watts
Current Draw	2.9Amps
LED Life	50,000 Hrs
Weight	495G
Waterproof Rating	IP67

Segway Villain Linear Shock Tower Light Bar Mount Kit by Triple R Lights

The Linear-6 Elite utilizes a combination of 12x highly efficient 3W LEDs which combine to deliver 4,050 raw lumens, and 1 lux to over 280m. Impressive considering the lamp weighs a little over 1lbs and has power consumption of just 42W. Vacuum-metallized high-reflectivity optics are carefully designed and engineered in-house utilizing the latest CAD design and light simulation software, to deliver optimum light distribution in a drive beam pattern (64 degrees spread). The color temperature of the light at 5000K is carefully selected for its natural appearance proven to reduce driver fatigue.
